**A MESSAGE FROM JAGA**

“Since its founding in 1954, JAGA has made significant contributions to the growth and promotion of golf while providing a great deal of financial assistance to hundreds of college-bound students in Northeast Florida. For the most part, this success has been achieved with limited solicitation appeals to Jacksonville-area businesses and individuals.

“The leadership of JAGA feels very strongly that the time is right to be proactive and do what most other golf and non-profit organizations do and that is grow their business and their impact by seeking new means of financial support. So, with 2022 upon us, JAGA is embarking on its first-ever fundraising campaign in support of its Operations’ arm. We are confident our outreach will be well received, and the campaign’s impact will be felt in positive ways throughout the golf community. Thank you for considering becoming a FRIEND OF JAGA.”
